

Computer Protection Technology

Power Solutions

Uninterruptible Power Systems (UPS) and Multi-Module Systems.
Single Phase Systems up to 12 kVA
Three-Phase Systems up to Megawatt Systems.

UPS Systems – Single & Three-Phase Applications.
Power Conditioners and Line Regulators

UPS Systems: 1-phase up to 20 kVA, 3-phase single and multi-module systems up to 200 kVA. Power Distribution Units (PDU), rack PDUs (RPDU), rack enclosures, and enterprise monitoring.

UPS Systems – Single & Three-Phase Applications.
Rack Power Distribution Units (RPDU)

UPS Systems: 1-phase up to 15 kVA, 3-phase single and multi-module systems up to 200 kVA. Power Distribution Units (PDU), rack PDUs, rack enclosures, and enterprise monitoring

UPS Systems: 1-phase up to 20 kVA, 3-phase systems up to megawatt configurations. Power Distribution Units (PDU), rack PDUs, rack enclosures, and enterprise monitoring.

UPS Systems – Single & Three-Phase Applications.
Power Distribution Units (PDU), rack PDUs, and rack enclosures.

Emergency Lighting UPS/Inverters – UL 924 Compliant
Harsh Environment UPS

Stand-By Generator Systems - Diesel, Natural Gas, Propane & Bi-Fuel
Automatic Transfer Switches (ATS), portable and rental installation. Turnkey installation & SCAQMD permitting services available.

Battery Monitoring Systems – Online & automatic battery monitoring systems. Options for subscriber-based automatic notification

“Green” energy storage flywheel - DC replacement system for VRLA Sealed Battery Systems.

Computer Protection Technology Service & Maintenance Solutions

Uninterruptible Power Systems (UPS) Service Programs

All major manufactures of UPS systems:

- APC/MGE/Schneider Electric
- Vertiv/Emerson/Liebert
- Eaton/Powerware
- Mitsubishi
- Toshiba
- TrippLite
- Powervar

Options for Full Service or Preventative Maintenance (PM) Only Programs

24/7 Telephone Support

2 – 4 hour onsite emergency response within Southern California

Comprehensive Service reports for all PM, Remedial & Emergency Services

Access to CPT's web portal for past reports and future scheduling

Over 33 years of experience in servicing UPS systems

Battery Service & Replacement Programs

All major manufacturers of VRLA and Wet-Cell Batteries:

- C&D Dynasty
- MK-Dekka
- EastPenn
- EnerSys
- CSB
- Yuasa
- FIAMM
- Modular Battery Packs

Stand-By Generator Service Programs

All major manufactures of Generator systems:

- Caterpillar
- Kohler
- Generac
- Onan/Cummins
- MTU

Computer Room Air Conditioning Systems Service Programs

All major manufactures of CRAC systems:

- Vertiv/Emerson/Liebert
 - Data Aire
 - Stoltz
